

PRODUCT DATA SHEET

DURO-LAST VINYL COATED METAL

Description:

Duro-Last[®], Inc. Vinyl-Coated Metal has a 17-mil Duro-Last[®] vinyl sheet laminated to one side of a sheet of 24-gauge, hot-dipped galvanized, grade 90 metal. The Duro-Last[®] film allows for easy welding to the Duro-Last[®] membrane when the metal is incorporated into an edging detail. The 4' x 10' sheets are available in white, gray and tan colors and are only available in palletized sheets of 10. If custom sizes are desired, the 4' x 10' pieces can be cut into smaller pieces and will be crated. Contact the Duro-Last sales department for more information.

For more information on these and other Duro-Last Products, contact the Duro-Last Engineering Services Department.
